Chippendale , NSW 2008
AUSTRALIA

I am pleased to provide a reference for John Omoha after their successful completion of the EntryLevel Data Analyst program.

John has demonstrated strong proficiency in data analysis and visualisation through the 6-week program. John has shown excellent ability to identify and collect relevant data, clean and prepare it, and conduct in-depth analysis using formulas and pivot tables.

John has also mastered the use of Tableau, a popular data visualisation software, to create insightful and visually appealing charts, graphs, and dashboards. The final portfolio completed by John showcased a thorough understanding of data storytelling, with a clear and concise report that provided actionable insights to solve business problems.

EntryLevel also awards badges to signify exceptional performance and John was awarded the following badges:

The "Critical Thinker" badge, for going above and beyond in giving constructive feedback to their peers by reviewing their portfolios.

The "On Time" badge, for their ability to consistently deliver work on time and staying up to date with the program schedule.

The "Independent Learner" badge, for completing the program independently, demonstrating self-sufficiency, the willingness, and the ability to tackle problems independently.

Best Regards,

The EntryLevel Team
